

Walters Photographic specializes in school, dance and sports photography of children. Our sessions take place on location during two distinct seasons. The Fall season lasts from September 1 until about November 15th and starts again about March 1st and ends in the middle of June. **If working seasonally works for you, please read on...**

Note: This is a **part-time seasonal job**. We work mornings in most schools (7am to noon) and afternoons and some weekends when we photograph dance, gymnastics and theatre shots. If you like the flexibility of working during the "school" season, please read on...

Our company: Working with Walters Photographic means that you will be part of a team within a small company. Your ideas and input will be important to us.

Working with children: Children are fun and spontaneous! This job is **never boring**. You must be patient and funny while paying attention to all the technical aspects of photography.

Hours: We start very early in the morning due to the necessity of photographing young children while they are at their best. We set up in most schools at 7am and are done by noon or earlier. Sports and dance photography are done in the afternoon and on weekends.

Locations: We work all over the valley. A reliable car is necessary. You will be driving to different locations every day.

Pay: Pay depends on your experience and ability to photograph children. Training is offered. A gas stipend is available.

Job description: Duties will include prepping children for photography, learning our computer program, setting up and taking down equipment, helping to organize sessions, acting as a liaison to the school and dance management, relating to and having fun with the children as they are waiting to be photographed, learning to photograph children.

Qualifications: You must supply references that we can actually talk to and ask questions about your work experience. You must pass a background check and supply us with a fingerprint card. You must have adequate transportation and be on time to every single job. You must have a phone and email so that we can communicate with you throughout the day about job changes and hours. You must get along with the other team members and contribute to the success of each job.
